

EDUCATION MANAGEMENT SYSTEM System Demo

Specialized for Education Institutions, teaching languages and private school, primary schools, secondary school, or private colleges.

EMS Features

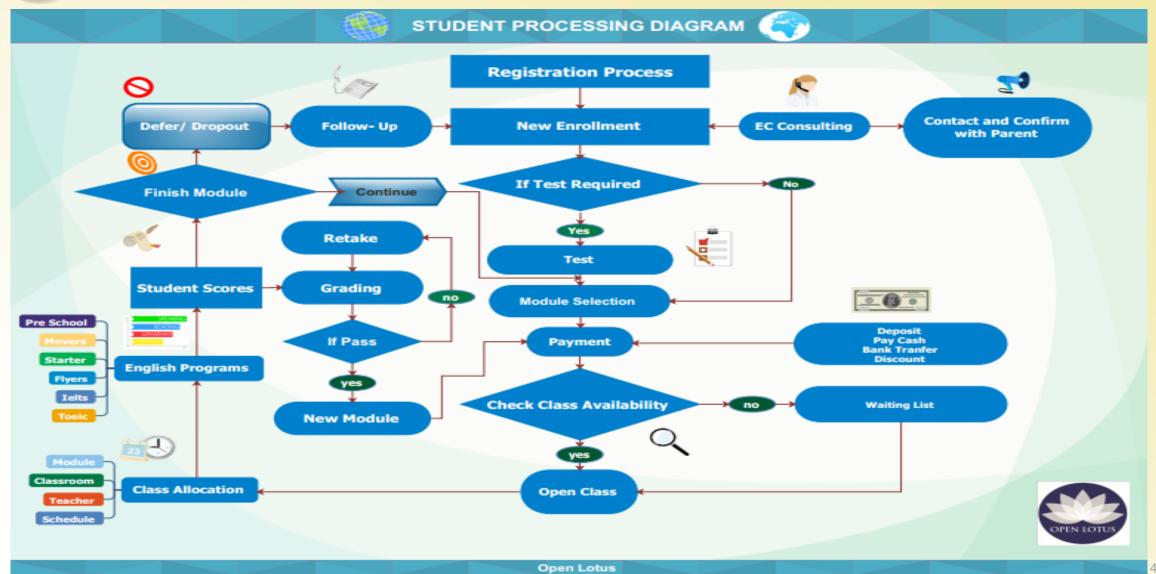

- Web application global access from anywhere around the world.
- Customizing to your requirements, complying to Australian Study Board.
- Multi-level user rights login system.
- High security protection web application system.
- Can be run on any mobile devices such as Mac OS, Android, and Windows.
- Web application to control and manage school.
- Parents can monitor the academic progress of students.
- Students can register subjects, see timetable, classroom allocation, examination schedule, and academic transcript for each semester.
- Lecturers can follow timetable, class allocation, and student attendance.
- School administrators can manage lecturers, students, student payment, collection fees, overdue payment, cash flow projection, and revenue projection.
